Contemporary Divan

A modern living room with a desk, sofa, and armchairs. The room is dimly lit with warm tones. In the foreground, a dark wooden desk holds a laptop, a coffee cup, and a pen holder. Behind the desk is a black office chair. In the background, a light-colored sofa with colorful cushions sits on a patterned rug. To the right, two dark armchairs with patterned pillows are arranged around a small round table. A floor lamp with a white shade stands near a window with white blinds. A world map is framed on the wall. A large green plant is visible in the bottom right corner.
